WOLF PACK

LEAD THE PACK

WOLF PACK 1/2 ton models

27DF WP

Our DFWP models are half ton towables and have some of the industry's largest cargo areas period. As shown here even the complete walk around Queen bed flips up to allow for even more toys. Also, there are no wheel wells, even in our 102" LITE weight models. ANOTHER Industry first, no other Lite weight toy hauler can claim that. The storage is maximized in every single floorplan, as shown here.

All Wolf Packs feature a Black Tank Flush that helps keep your black tank clean. This will allow you to spend more time doing all the things you enjoy, instead of where the other guys will be spending that precious time cleaning out their septic systems.

BLACK TANK FLUSH

BATTERY DISCONNECT

We understand that Wolf Pack owners use their units a lot more than other users. Instead of hooking and unhooking dirty grimy battery wires just flip the convenient battery disconnect in your Wolf Pack.

27DFWP

18DFWP

The 18DFWP is a Widebody, and you can easily see the extra room in this spacious model. This unit has the 12 volt AM/FM/CD/DVD system that's really impressive to hear. The dinette booth is large enough for 4 adults to sit around and eat comfortably.

396WP

The 396 WP is the Ultimate Toy Hauler. Loaded with tons of Industry Firsts, this toy hauler puts all others to shame. Watch the Large 35" LCD TV from the comfortable West Sofa, that also holds a comfortable Queen size air mattress. Yes, that is TWO large side-by-side refrigerators right next to your convection microwave. Loaded has a new meaning, because this unit is LOADED!!!

396WP

Wolf Pack owners know that a hard day's work can get a little grimy. That is why Wolf Packs feature large and spacious showers that all have a standard skylight in the shower for extra head room.

The optional Rhino Kit is our Industry Exclusive Dinette that is now available for those with taller toys.

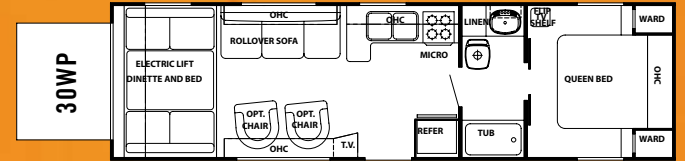

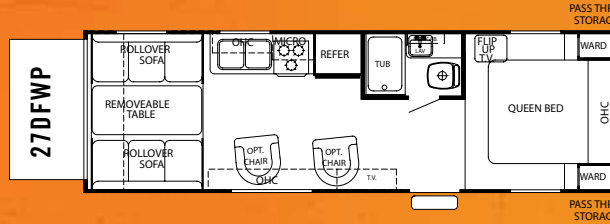

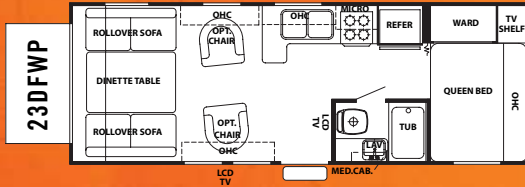

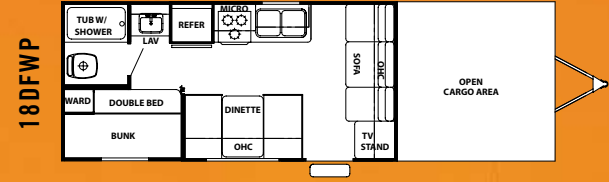

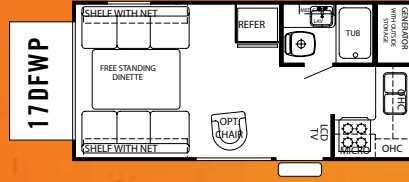

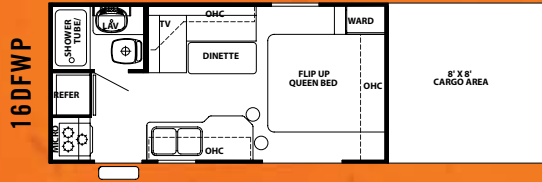

295WP

Wolf Pack features the Industry's First Electric Dinette, with enough clearance to get in even the biggest of toys. You can comfortably sit 6 adults at this HUGE table. When your done eating and playing, this dinette breaks down into a California Queen Bed. You can also option in a second queen bed above the dinette if you wish. Optional queen bed and optional Rhino Kit shown here.
